NSA/LO/NPIC

Search for VLF/LF Transmitters in China

NSA Requirement
(NPIC Project 35021-5)

25X1D

1. In response to the referenced requirement, a 25 nm radius search of the three areas of Ch'ingto, King Po and Chan Chiang, China revealed no VLF/LF transmitters. The best available photography from KH-4, CHURCHDOOR and [] coverage was exploited. Each area was covered by at least three different passes.

2. This project is considered to be complete.
